- Application Deadline Extended for the 3rd “Going Further with Science – Experiments” short video competition

A Statement of Condolence by Commissioner for Cohesion and Reforms Elisa Ferreira Regarding the Earthquakes in Türkiye and Syria

I would like to express my deep sadness and sincere condolences to the families who lost their loved ones in the terrible earthquake that struck Türkiye and Syria. Our hearts ache for the Turkish Cypriot teenagers from Famagusta who were in Adıyaman for a sports event, and lost their lives.

Elisa Ferreira
Commissioner for Cohesion and Reforms
11 February 2023

Women Making a Difference with EU Support Video Series

In celebration of International Women's Day, we are thrilled to announce the launch of our new video series, "Women Making a Difference with EU Support." This inspiring series features the stories of women who have received support from the European Union to make a positive impact in their communities. From entrepreneurs creating jobs in their local economies to activists fighting for human rights, these women are leading the way in driving social and economic progress. The videos showcase the transformative power of EU programs and initiatives in promoting gender equality and empowering women to take charge of their futures. We hope these stories will inspire others to pursue their dreams.

Thriving women drive community development. Happy International Women's Day. You can watch the first video from [here](#) and, make sure you check our social media pages to follow the rest of the videos in this series!

mBot2 Trainings: 21-23 February 2023

The winners of “Going Further with Science” 1st short video competition were rewarded with an mBot2 Steam

with one day training by CYPRobotics founder Tezel Celebi. The trainings started with a 15 min

education kit which allows students to carry out interactive and smart lessons that are engaging, fun and reflecting real-world applications with new technologies, including robotics, AI, IoT and Data Science. The education kit was provided along

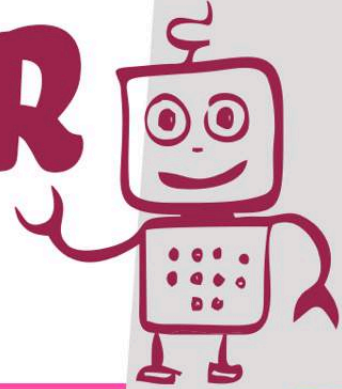

information session delivered by Derya Tangu, EUIP Public Space and Information Officer, about EUIP, and aid programme for the Turkish Cypriot community specifically providing information on the opportunities for youth.

**Application Deadline Extended
for the 3rd “Going Further with
Science – Experiments” short**

video competition

In the light of the events in the region, the application deadline for the third in the series of “Going Further with Science” short video competitions held under the theme of “Experiments” is now extended to 16 March 2023, Thursday 17:00.

The “Going Further with Science” short video competition series are organised with the support of the European Commission, as part of the European Research and Innovation Days targeting primary, secondary, high school and vocational school students.

The students can participate in the competition by submitting their videos consisting of images and explanations of an experiment that they prefer, explaining how they can benefit from the laboratory / workshop by using the experiment kits and equipment already in their school laboratories and / or workshops, and dealing with topics under Science and Technology, Physics, Chemistry and Biology Curriculum.

Learn more about the exciting competition and its rules by clicking [here](#).

The award ceremony will take place on 29 March.

UPCOMING THEMES AND ACTIVITIES ORGANISED BY THE EU INFOPOINT & OTHER EU FUNDED PROJECTS

European Year of Skills - Seminar on

FUTURE SKILLS

European Year of Skills Seminar on Future Skills (22 March 2023)

Join us at this online event where we will explore the importance of future skills and EU funded opportunities supporting skills development in the Turkish Cypriot community.

Details will soon be announced on our social pages and website!

- **City Garden Workshop (25 March 2023)**

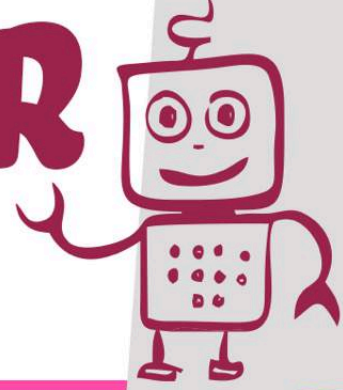

Join us for the City Garden Workshop on 25 March, Saturday from 11:00 - 13:00 at Nilüfer Park in Köşklüçiftlik/Nicosia. This fun and educational workshop for children (aged 5+) and their families will explore the importance of gardens in increasing bee populations and ways to create and maintain a garden in the city. Led by experienced trainer Christina Louca, this is a wonderful opportunity to teach your children the joys of gardening and make a positive impact on the environment. Don't miss out!

3rd "Going Further with Science - Experiments" short video competition Award Ceremony (29 March 2023)

The award ceremony for the third in the series of four short video competitions, entitled "Going Further with Science" organised with the support of the European Commission, as part of the European Research and Innovation Days involving primary, secondary, high school and vocational school students will take place on 29 March 2023.

- **European Year of Skills Workshop Series: Digital and Soft Skills for the Future**

Introducing the "Digital Skills for the Future" workshop series, a set of workshops designed to shed light on the crucial role that digital skills will play in future job prospects and promote a more sustainable world. The 2023 "European Year of Skills" initiative acknowledges the shift from conventional skills to digital skills in the labour market. In this workshop

series, participants will delve into some of the key digital and soft skills that will be highly sought after in the future, with a specific emphasis on sustainability and the environment.

Follow our social media pages for announcements of the dates!

The EU Infopoint aims to increase public knowledge, awareness and understanding of the European Union, its values, policies and programmes as well as the EU Aid Programme for the Turkish Cypriot community. The EU Infopoint is a project funded by the European Union under the Aid Programme for the Turkish Cypriot community with the aim to bring the Turkish Cypriot community closer to the EU.
